SILKSCREENING**Infos**

- ▶ in general dates with paths in especially writings for PC (not for Mac)
- ▶ vector dates (.eps or .ai to Illustrator CS3, .fh to Freehand 10 or .cdr to Corel X3)
- ▶ statements of colours for it Pantone, HKS or RAL
- ▶ put on lines of intensity in min. 0,4 mm
- ▶ please consider you, that we print often of transparent material consequently the contrast is faulty
- ▶ with a printing in a colour of white behind the material, you can improve this effect
- ▶ the transfer of dates can happen to 5 MB with an e-mail
- ▶ the transfer of dates has come off 5 MB with CD-ROM or DVD, ... has come off 50 MB than CD-ROM
- ▶ if you have questions or notes you can use our email grafik@axxo-design.de
